

15 May 2014

Principal Lee / Ms. Ng
Fung Kai Innovative School
19a Jockey Club Road,
Sheung Shui, New Territories

Dear Principal Lee, Ms. Ng, teachers, students and parents:

We would like to express our heartfelt thanks to your kind and faithful support to our fund-raising program *Read to Feed*, which has raised **HKD \$5,447** in 2013-14 school year.

The funds raised together with the matching fund donated by HSBC of **HKD \$4,902** has been pooled into the *Qinghai Community Development Project*. It will be used to provide quality animals and training to lift about 3 impoverished families and pass-on families there out of poverty and help them become self-reliant. For more details on the project please see attached progress report.

All because of your efforts, the people there facing problem such as extreme climate, harsh environment, frequent natural disasters, lack of transportation and medical facilities, are now benefited from “passing on the gift” and received animal offspring from the first generation. You may not know their names, but they are carrying thanks in their hearts for your kindness and generosity.

From the bottom of our hearts, thank you once again for your caring to those in need. Together, we will make a difference!

Yours truly,

Annie Fung, Executive Director
